CALM | PURE | POISED

FEATURES

bravia[®]
ACRYLIC LAMINATES

calm

There is power in stillness- a quiet confidence that doesn't demand attention, yet leaves a lasting impression. Bravia's designs are rooted in this calm. Through soft tones, gentle textures, and balanced composition, we create surfaces that bring harmony to every space. It's a calm that soothes, centers, and elevates without ever overwhelming.

pure

Purity, for us, is more than just simplicity - it is clarity of purpose and precision in execution. Every Bravia surface is thoughtfully designed to strip away the unnecessary, revealing form in its truest, most refined state. With clean lines and authentic materials, our collections embody the essence of less - done to perfection.

poised

Poise is the art of balance - between classic and contemporary, bold and restrained, form and function. Each Bravia creation is a study in composure, designed to stand with quiet strength and timeless elegance. It's a poised presence that anchors a space, drawing the eye not with loudness, but with unmistakable grace.

CARE OF LAMINATES

Bravia Laminates are manufactured with aesthetics and durability in mind. When used as recommended and with appropriate care, our laminates will last through the years. Bravia laminates are easy to maintain.

- Cleaning should be done with water and clean non-abrasive cloth.
- To remove more stubborn stains, use mild household cleaners like colin IP gently wipe down with a non-abrasive cloth.
- Avoid the use of abrasive liquid cleaners, bleaching compounds or solution as these may damages the surfaces of the laminate.
- Do not place hot cookware directly on the laminate. Prolonged exposure to temperatures above 30 degree Celsius may cause damage to the laminate surface.
- Do not use the laminate for purpose that it is not intended for (E.g. do not iron, chop, hammer or expose the laminate to open flame.
- Outdoor application of the laminate with exposure to direct sunlight and weather conditions are not recommended.
- UV rays may reshape the laminate.
- Gloss surfaces are recommend only for vertical application.
- Do not use thinner and lolvene on the surface of the laminates. This may cause decourisation of the surface.
- Typically confirm to internationally recognize technical standards.
- Have a thickness balance of $\pm 10\%$.
- Peel off the protective film after processing.

IMPORTANT INFORMATION

Air bubble formations on Laminate :

- Using of water based adhesive or other than PVACP (Polyethylene Vinyl Acetate co-polymer) adhesive may also lead to air bubble after the installation of acrylic laminates. We recommend to use adhesive.
- Bonding of acrylic laminates under high humidity atmosphere.
- Using uneven surfaces substrate (Plywood, MDF, Particle Board) Lead to at particular area of acrylic laminates and air bubble appear at that area after the installation.
- Due to uncertain weather condition, base substrate may absorb moisture and after few days of installation base substrate gradually loses moisture resulting in air bubble formation between acrylic laminate and substrate.
- When more than 8' x 2' of Acrylic laminates is used for panelling, it can lead to air bubble after installation.
- Lack of bonding / pressing during the time of installation of acrylic laminates may lead to air bubble.
- Acrylic laminates should be kept evenly straight. It the laminates are in roll form, it should kept straight for minimum 48 hours and then can press and laminate on the surface for better results.

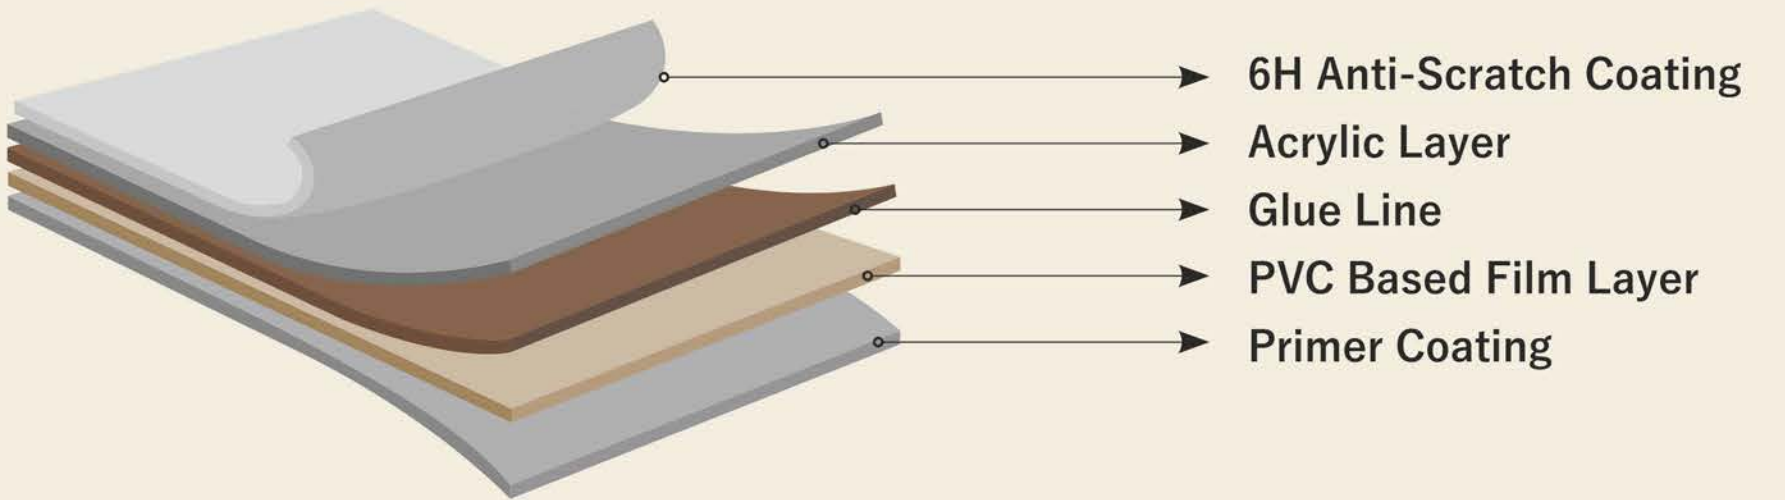

Bravia is not responsible for any damage, cracks, bubbles or colour fading if the sheets are not checked when delivered and are not properly applied as instructed above.

INFORMATION

No guarantee in any circumstances like crack, bubble, color fade and color variation. Please check material when delivered.

- No guarantee & no exchange in any circumstances.
- There can be color variation in material from different batches.
- It is advised to use same batch material to avoid color variations.
- Actual colors of the laminate sheet may very from this brochure.

Available Size :

2440mm x 1220mm (8 ft x 4 ft)
Thickness - 1.5 mm ($\pm 10\%$)

Edge Banding Size :

Size : 25mm ($\pm 5\%$)
Thickness - 1.2 mm

CONTENTS

01 SUPER MATT

Minimal yet meaningful, super matt finish sets the tone for interiors that value grace, texture, and timeless expression.

13 STONE

Rooted in timeless elegance, Stone exudes a sense of grounded calm - where quiet luxury finds its boldest form.

29 WOOD

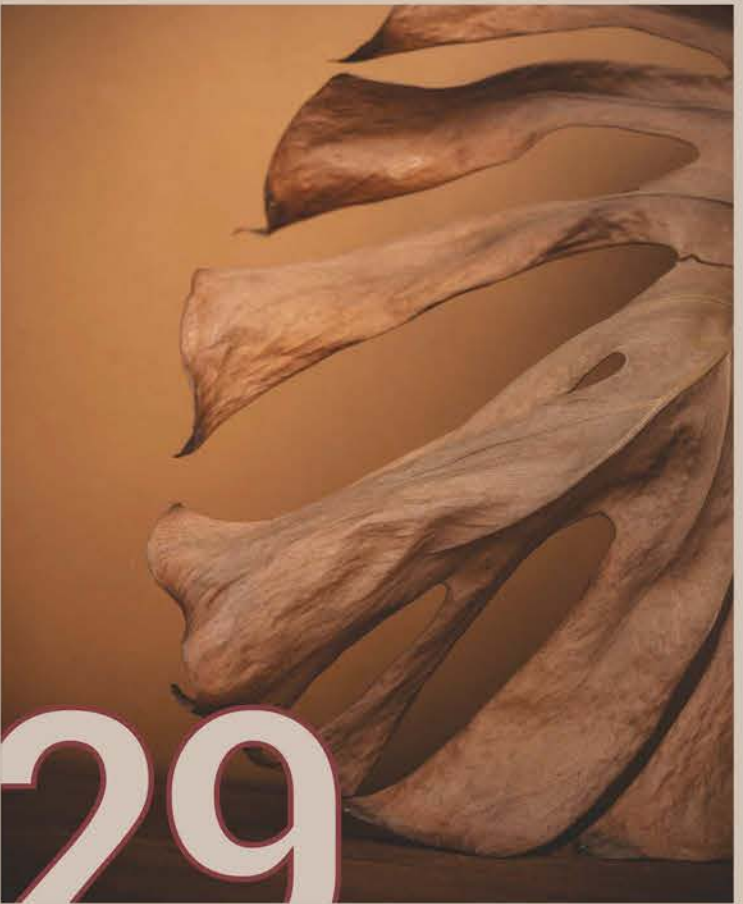

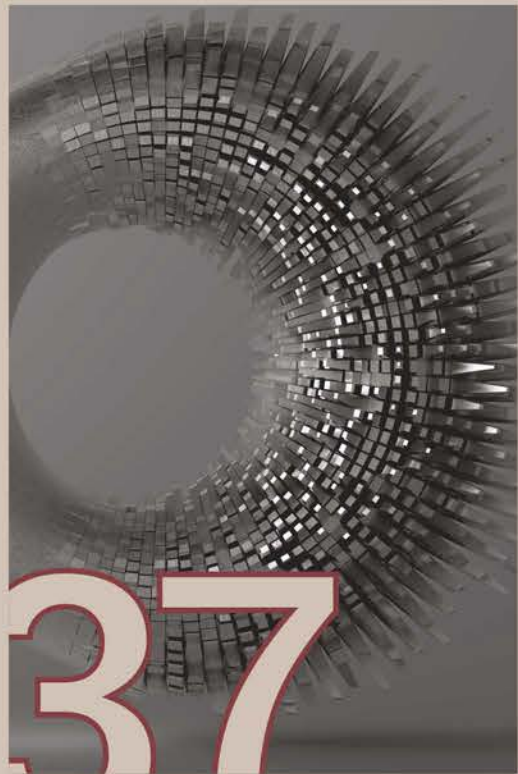

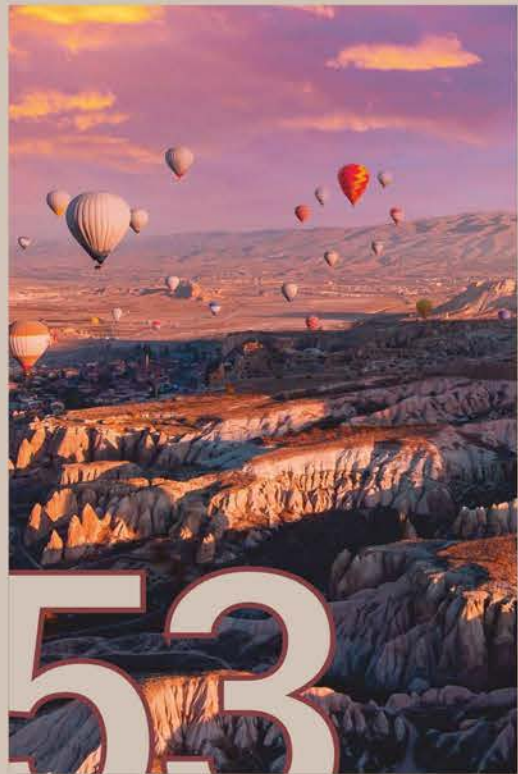

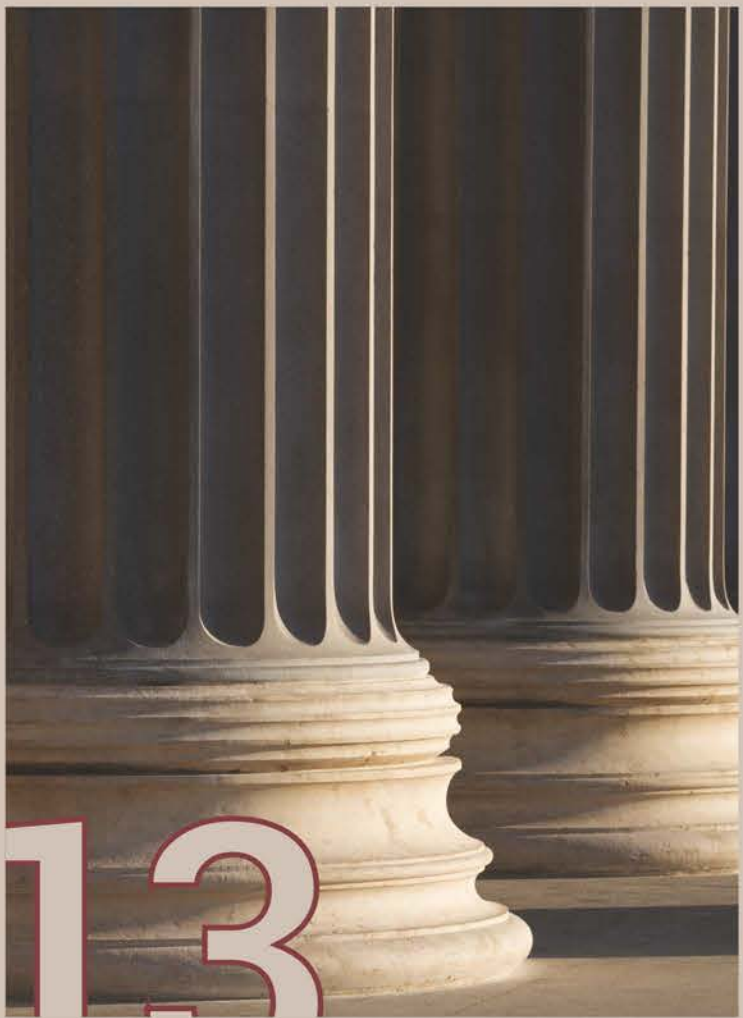

A timeless expression of warmth and character, Wood infuses spaces with natural depth and refined elegance.

37 METALLIC

Sleek and striking, Metallic surfaces add a bold edge with their reflective charm and modern appeal.

53 PASTELS

Soft and sophisticated, Pastels bring a gentle charm that brightens spaces with subtle elegance.
